

INTRODUCTION

DIGITAL MARKETING :-

Digital marketing refers to the practice of promoting products or services using digital marketing and flat forms. It involves various strategies and techniques to reach and engage with a target audience online.

As a part of Digital marketing Internship we got to do a project in a team of 5 members. The goal of Digital marketing Internship is to increase Brand Awareness, Drive website traffic, generate leads and ultimately, boost sales and business growth of the company allocated to us.

OVERVIEW :

As a part of our digital marketing Internship from the Smart Bridge, we ought to do a comprehensive project for digital marketing in which we were allotted with the topic "LIFE INSURANCE CORPORATION"

This project report summarizes the objectives, strategies, result and challenges of the digital marketing project conducted by our team for LIC

The comprehensive Digital marketing for LIC includes, Study competitor analysis & Audience persona. It also consists SEO & keyword Research Analysis. It also contains content Ideas and marketing strategies & content creation & curation.

PURPOSE OF THE PROJECT :

The main goal of this project is to increase the online presence and visibility of the brand, products and services. We used various strategies and tools such as SEO, social media marketing, content creation and analytics. Email marketing, content creation and analytics to achieve this goal. We also monitored & measured the performance and impact of our digital marketing efforts using key metrics and indicators.

This project will help LIC to reach new customers, engage existing ones and grow the business in the competitive digital landscape.

LITERATURE SURVEY :

A literature survey of digital marketing project is a systematic review of the existing research and publications on the topic of digital marketing. It aims to identify the main themes, methods, challenges & opportunities in the field, as well as to provide a critical analysis of the strengths & weaknesses of the current knowledge.

A literature survey of digital marketing project can help to define the research problem, formulate the research questions, & justify the research objectives & methodology.

EXISTING PROBLEM

One of the main challenges in digital marketing project is to increase the conversion rate of website visitors. We propose to implement a personalized recommendation system that will suggest relevant products or services to each visitor based on their browsing history, preferences, and behavior. This way, we can increase the engagement and loyalty of our customers, as well as the revenue of our business.

Other problems may include lack of clear and consistent communication among the team members. This lead to confusion, delays, and errors in the execution of the tasks.

PROPOSED SOLUTION

A possible solution for existing problem of digital marketing project is to use a data-driven approach that leverages the latest tools and techniques in the field.

By analyzing the customer behaviour preference, and feedback, we can design and implement a personalized and effective marketing campaign that meets their needs and expectations. This way, we can increase the conversion rate, retention rate, and customer satisfaction, as well as reduce the cost and time of the project.

To address the issue, we need to establish a regular and effective communication channel.
